

SHODH YADAV

MuleSoft Developer | Dell Boomi Developer

Bangalore, IN | +918299702952 | shodhyadav7@gmail.com | [LinkedIn](#) | [GitHub](#) | [PortFolio](#)

SUMMARY

Skilled Integration Developer with strong hands-on experience in both MuleSoft and Dell Boomi, specializing in building scalable, cloud-native integration solutions. Certified Dell Boomi Developer with proven expertise in designing and deploying AtomSphere processes, integrating with platforms like Salesforce, SAP, and NetSuite. Proficient in MuleSoft Anypoint Platform, with solid experience developing APIs using Mule 4, DataWeave, RAML, and API-led connectivity. Passionate about delivering robust, efficient integration solutions aligned with business needs.

EXPERIENCE

Infinite Computer Solutions | Associate Software Engineer (Sep 2022-Present)

MuleSoft Integration Developer

- Proficient in designing and implementing interfaces that seamlessly integrate diverse Mule ESB applications.
- Strong hands-on experience in MuleSoft development; familiar with all phases of API-led connectivity.
- Well-versed in Anypoint Studio and Anypoint Platform, utilizing them for efficient development, testing, deployment, and monitoring.
- Skilled in designing and implementing RESTful APIs using RAML and API specifications.
- Extensive experience with MuleSoft connectors including HTTP, Database, SQL, Splunk, JMS, SMB, and Anypoint MQ, enabling robust data integration and communication.
- Developed robust error-handling strategies using MuleSoft's error-handling components to ensure fault tolerance and graceful exception management.
- Proficient in data transformation using DataWeave and in handling multiple data formats such as JSON, XML, CSV, and WSDL.
- Experienced in developing and consuming RESTful web services within Mule ESB.
- Skilled in debugging and troubleshooting using tools like flow analyzers and debuggers.
- Hands-on experience deploying applications to CloudHub via Azure DevOps (ADO) pipelines.
- Familiar with MuleSoft policy implementation and batch processing for large data handling.
- Excellent team collaborator with strong problem-solving and integration design capabilities.

CERTIFICATIONS

- Associate Integration Developer | Boomi 18/04/2025 - 18/04/2030
- Full Stack Java Developer | IIHT
- Certified Spring Boot Developer | Scaler
- Certified Angular Developer | Scaler

SKILLS & ABILITIES

- Programming Languages: Java, Groovy, DWL
- Scripting Languages: JavaScript, TypeScript
- Integration Platform: Boomi, MuleSoft
- Frameworks & Libraries: Angular, React, Spring Boot, Express
- Web Development: HTML, CSS, Bootstrap, Tailwind
- Database: SQL, NoSQL, MySQL, MongoDB
- Cloud Platforms: AWS, Azure, GIT, GitHub

PROJECTS

Project: Tibco to MuleSoft Migration

Client: Medica

Role: Sr. MuleSoft Developer

Environment: Anypoint Studio, Anypoint Platform, Oracle, SQL DB, TIBCO Designer, Azure DevOps

Project Description:

A migration project converting existing TIBCO-based integrations to MuleSoft APIs for a healthcare system handling **834 enrollment** and **837 claims processing**. The platform supports member enrollment for Medica Health Services and processes insurance-related transactions.

Key Responsibilities:

- Migrated legacy TIBCO logic to MuleSoft APIs, adapting complex business workflows.
- Designed and developed **RESTful APIs** using **APIkit Router**, improving modularity and performance.
- Implemented **data validation, transformations (DataWeave)**, and **database logging** for request/response tracking.
- Developed **custom logging and monitoring solutions** in Mule flows and Java classes to capture API response times.
- Conducted **smoke testing** using MuleSoft utilities and **Postman** across development and QA environments.
- Ensured seamless communication across systems, preserving data integrity during migration.
- Used **Azure DevOps (ADO)** for version control, CI/CD, and deployment pipelines.
- Actively resolved QA issues and defects, ensuring high-quality deliverables across releases.

EDUCATION

- B.tech (Computer Science & Engineering) | Babu Banarasi Das University | 2018-2022
- 12th (Science) | Molana Azad Inter College | 2015-2016 | Percentage: 80
- 10th (Science) | Amar Shahid Vidya Mandir | 2013-2014 | Percentage: 85
